MARGARINE PRODUCTION

January 1941.

Reserve

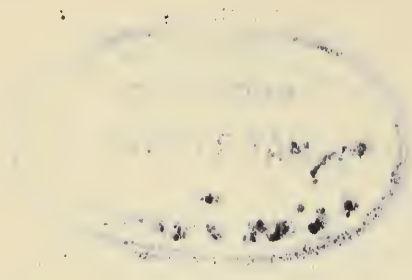

Reports from manufacturers of margarine indicate that 34,009,000 pounds of that product were produced during January 1941, the Agricultural Marketing Service states.

This quantity is 4,538,000 pounds greater than that produced during January 1940; and 566,000 pounds more than the average production for January for the 5 years 1936-40.

Of the total quantity manufactured 4,923,000 pounds or 14 percent, were produced from animal and vegetable oils and 29,086,000 pounds (86 percent) from vegetable and nut oils.
